

# 11<sup>TH</sup> ANNUAL ANZAA WORKSHOP

22-24 July, 2015 – Newcastle, NSW

## CALL FOR ABSTRACTS

Topics may be on any aspect of aerosol and particle air pollution including for example:

- Chemistry
- Meteorology and dispersion
- Modelling
- Urban and industrial sources
- Background/natural emissions
- Health aspects
- Emissions management
- Community interaction

Abstracts are to be in a similar format to those for CASANZ 2015 and should include title, authors and affiliations (presenting author underlined), abstract (no more than 300 words), and author email address, in Arial 12 font size and submitted as a MS Word document.

Please submit abstracts to: [howard.bridgman@newcastle.edu.au](mailto:howard.bridgman@newcastle.edu.au) as an attachment. The file name should include the last name of presenting author.

**Abstracts due: Friday, 22 May, 2015**

### Keynote Speakers:

- **Prof Lidia Morawska**  
Queensland University of Technology, Australia  
*Particle Matter and Human Health*
- **Dr Guy Coulson**  
NIWA, Auckland, New Zealand  
*Aerosol Chemistry Between Two Oceans*
- **Dr Nancy Cushing**  
University of Newcastle, Australia  
*Community Perceptions of Particulate Emissions*

There is no cost to attend the workshop (subject to sponsorship) but participants must **register by 1 July, 2015**.

Accommodation is the responsibility of the participant. There are a number of good hotels in Newcastle within walking distance of the City Hall.

To register for this event, email: [admin@casanz.org.au](mailto:admin@casanz.org.au), or register online: [click here](#).

A/Prof Howard Bridgman  
ANZAA Chair
