Early bird registration reminder! Just a friendly reminder that the final day for ICCPA early bird registration is Saturday, April 25th. We encourage you to take advantage of the discounted price.

Please note that due to the time of year and other large conferences, both hotels we've contracted with have limited availability and we strongly encourage you to reserve your rooms as soon as possible. To book your hotel reservation, please visit: <http://iccpa.lbl.gov/accommodations.html>

Abstract submission cutoff dates:

April 30, 2015 for platform presentation

June 30, 2015 for poster presentation

Abstract submission: We seek presentations that synthesize and interpret observations or provide targeted investigation to resolve uncertainties and answer questions about the roles of carbonaceous particles in the atmosphere. Topics covered may include:

- Synthesis from recent (large) field campaigns – what have we learned?
- Constraining radiative forcing and climate effects
- Emissions: Improving activity data and emission factors
- New measurement capabilities and intercomparisons
- Remote sensing of absorbing aerosols
- Health effects, especially carbonaceous aerosol vs other aerosol components
- Atmospheric transformation and aging, including nucleation and mixing state
- Secondary organic aerosols
- Characterization and environmental significance of biological aerosols

Follow this link to visit the [Carbon Conference website](#) to register for the conference and submit an abstract.

We look forward to seeing you in Berkeley.

Warm regards,

Regina Hitzemberger and Tom Kirchstetter

(Conference Chairs)
