

16th International Conference on Clouds and Precipitation

ICCP 2012

July 30 – August 03, 2012 in Leipzig, Germany

Conference Dates

Monday **July 30th** till Friday **August 3rd, 2012** in Leipzig, Germany.

Call for Papers

Short abstract (maximum of 250 words) till **December 15th, 2011**.

Conference Website

<http://iccp2012.tropos.de>

Scientific Program

- Basic cloud and precipitation physics
- Warm boundary layer clouds
- Convective clouds (including cloud electrification)
- Mixed phase clouds (including Arctic stratus, mid-level clouds)
- Cirrus clouds
- Orographic clouds
- Mesoscale cloud systems (including severe storms)
- Aerosol-cloud-precipitation-interactions
- Clouds and climate (including radiative properties of clouds)
- Ice nuclei and cloud condensation nuclei
- Cloud and precipitation chemistry
- Measurement techniques of cloud and precipitation properties
- Applications of cloud and precipitation physics
